

Fabric 4K compatible screen
WF302

Boasts outstanding popularity in the home theater market,
The highest, perfect diffusive fabric screen.
Reproducing the High-definition, beautiful image
of 4K projectors.

Pure Mat III Cinema (WF302) is suitable for

- TP (Tab tension electric screen)
- EP (Electric screen)
- PX (Fixed frame screen)

Microphotograph
×95

Photograph :EP

- **Fabrics:** Pure Mat III Cinema is a special fabric screen which weaves simultaneously, so-called special double weave.
- **Downsize the thickness of conventional pure mat yarns by half to reduce the weave texture of the random fabric surface to 1/4 that realizes the reproducibility of a very soft and mild projection and excellent focus feeling.**
- **Higher diffusivity:** 3° gain of 1.00, ideal diffusivity which can also be a perfect diffusion.

■ 3° gain 1.00 ± 10% ■ Half gain 60° or more

Pure Mat III Cinema

Reflection characteristic image of a diffusive white mat

The WF302 screen is appropriate to the 4K perfect diffusion. The diffusive screen reflects image of the same quality in all forward direction regardless of the viewer's position
